

## Weeley in Bloom Monthly report February 2025

Marie sends her apologies for not being here tonight as it is half term and she is on grandchildren duties. Kevin has escaped

The weather has not been good to us for working outside, we have mostly been tidying up where and when possible.

This year will be a yearlong nationwide campaign to celebrate 200 years of modern railway. At Weeley Station we will be donating a wooden carved train to mark the occasion which will be filled with flowers.

On the 7th February we held our first coffee morning for this year thanking our volunteers for supporting us by litter picking, planting, weeding and watering around the village. We also had the opportunity to introduce our two new committee members.

When working on the wild area (near Willow Park) we were approached by a resident who was unhappy with the mess in the whole area, fly tipping, cars are revving up their engines throughout the night and the drug use under the bridge. He has contacted the police several times with no response.

We will be hosting our annual Latin Evening on the 15<sup>th</sup> March in the village hall and have sold 120 tickets.

We are now preparing for spring /summer planting.

Thank you
